Detroit Rock City brings back a lot of memories

By SYBLE MARR
MCN Movie Writer

Anybody who grew up in the 70's and early 80's is familiar with the band Kiss. They came, they saw, and conquered Detroit on more than one occasion. The last being in Tiger stadium nearly 2 years ago.

Fans flock to see the carnival type show, this includes one of the guitarists spitting fire on stage. They are famous for putting on a show of shows of sorts, either way nobody forgets that they have had the pleasure of going to a Kiss concert.

In the 1970's when Kiss finally got their break, mid-western teenagers went beezerk for them. They flocked to the concerts like it was free candy. Everyone made sure they had a ticket to see the show. In the new release *Detroit Rock City* this depicts such a story about teens.

Edward Furlong stars as Hawk and underachiever pot head that is a lead singer for a Kiss music playing band. The

only thing is he has stage fright. On their first, and only, gig he threw up and passed out.

His band members include a female gynecologist's son Lex, played by *Independence Day's* Giuseppe Andrews, bass. Jam the drummer, played by *Jungle 2 Jungle's* Sam Huntington, who's mother is a strict Christian woman who will stop at nothing to try to pry her son's dreams of being a rock star from his head. Lastly on guitar, and might I add a wonderful character to this foursome, is Trip. A weed smokin', mushroom usin', acid freak who's mother, we find out is his pusher.

These four teens live in Ohio and dream of Kiss morning, noon and night. They listen to it, talk about it, and even play their music on a daily basis.

Hawk and his band mem-

bers are set though. They finally have concert tickets to the Kiss concert held here in Detroit 1978 at Cobo Hall. They have the plan of attack all figured out. They are ready and raring to get out of school and catch the bus and get the heck out of town, but this would not be a movie if all went smoothly.

Jam's overly Christian mother has confiscated the tickets and burn them to a crisp. Then their prayers have been answered by a Detroit Rock station that is giving out first row tickets. Of course they win, but not without a few bumps along the way.

This movie was extremely funny. It takes you back to what ever time it was when you were in the "I would die to meet that band!" stage. As soon as you leave the theater you'll reminisce all the way home.

King Academy offers students stimulating summer program

By MAUDE REID
MCN Special Writer

King Academy, a K-6 Charter School at 1615 Henry Ruff Road, is the recipient of a \$40,000 Charter School Grant that provides funding for a Summer School Program.

The program, called E.R.A.S.E., is an acronym for Enhance, Redirect, Stimulate, Education. The five-week program is designed to do just that, to assist students who are experiencing academic, social and emotional problems in the schools.

Subjects that are covered include reading, math,

computer science, writing, social sciences, and also includes weekly field trips that are sponsored locally.

The program schedule focused on half days, Mondays through Thursdays, in the classrooms, field trips on Fridays, and counseling services also are offered to assist students in developing defenses for conflict resolution skills and building self-esteem.

Under the leadership of Elmira Frye Mosley, executive director of the academy, and Judith Burdford, Summer School Principal, students enjoy classes in cooperative learning techniques, gain

hands-on experiences and are challenged to develop higher order thinking skills in an atmosphere that is conducive to teaching and learning.

A "closing day" ceremony was staged on July 29, and parents were invited to tour the facility afterward and view children's projects.

Students were awarded Certificates of Achievements.

King Academy is currently accepting applications for the coming school year. Applications are available at the school. Additional information may be obtained by calling 734-728-0128.

Bridal shower "was beautiful"

By MAUDE REID
MCN Special Writer

A lively kitchen/bath bridal shower was given for Angela Marie Jordan in July at the Booker T. Dozier Recreation Complex, 2025 Middlebelt Road.

The shower was sponsored by Angela's bridesmaids

Yolanda Hargrove, Latamaya Maples, Jackie Jordan, Takara Wilson, Vickie Marshall, and Shonda Johnson.

Guests enjoyed games directed by Selenia Robinson, while prizes were presented by Beverly Jordan and hostesses included Addie Faulk, Danyelle Townsend and Theresa Johnson, who were

also in charge of the delicious food.

Angela Jordan is the daughter of Beverly and Calvin Jordan of Inkster. She is engaged to wed Marvin Jackson, the son of Mary and Theodore Jackson of Saginaw.

The couple is planning an August wedding.

Wet bathing suit can increase risk of a yeast infection

Forget about sharks - something even scarier to a woman's health may lurk on the beaches this summer - a yeast infection. What many women may not know is the fact that something as common as lounging in a wet bathing suit or damp workout clothes can increase their risk of a yeast infection.

In the recent Monistat Summer Survival survey of 500 women aged 18 to 49, nearly one in four named vaginal yeast infections as one of their primary summer health concerns. In addition, one in 10 women said they have had a yeast in-

fection while on vacation. A yeast infection can occur at any time without warning, with uncomfortable symptoms such as itching, burning, redness, pain and a thick white vaginal discharge. Three out of four women will experience a yeast infection in their lifetime.

"There's nothing worse than having a vaginal yeast infection while trying to enjoy the summer," said Susan Wysocki, a nurse practitioner and president of the National Association for Nurse Practitioners in Women's Health. "I encourage women to enjoy the outdoors during the summer months."

Wysocki offers the following tips that may help women avoid discomfort or being sidelined from their summer activities:

- Change out of a wet bathing suit or damp workout clothes as soon as possible. A dry area is less likely to encourage the growth of yeast.

- Dry the outside vaginal area thoroughly after a shower, bath or swim.

- Wear cotton underwear and avoid tight fitting clothes (especially during exercise).

Polluters must pay again

Hazardous waste polluters will now pay the cost resulting from their misconduct under a new law authored by state Senator Loren Bennett (R-Canton Township). The measure officially takes effect today.

"Now that his bill officially becomes state law, let polluters beware", Bennett said. "Reckless handling of toxic waste jeopardizes our health, threatens our environment, and puts our quality of life at risk. As of today, polluters are

literally going to pay for it."

The Bennett law requires persons convicted of a hazardous waste offense to pay all of the costs associated with their violation. The fine is in addition to any other financial penalties or jail time that may be ordered by the courts.

Bennett's legislation, which passed the House and Senate unanimously last year, amends the Natural Resources and Environmental Protection Act to cover any persons unlawfully.

Man accused of stalking

By IVAN HELFMAN
MCN Staff Writer

A 16-year-old Westland girl accused a 43-year-old neighborhood man of stalking her.

The girl said that the neighbor, who lives across the street from her, began following her during her drive to work on a recent morning. At 7:40 a.m. she was driving south down Harvey toward Ford. He was driving north.

When he spotted her, he turned around and followed her.

This disturbed her because she he is afraid the man, who often swears at her.

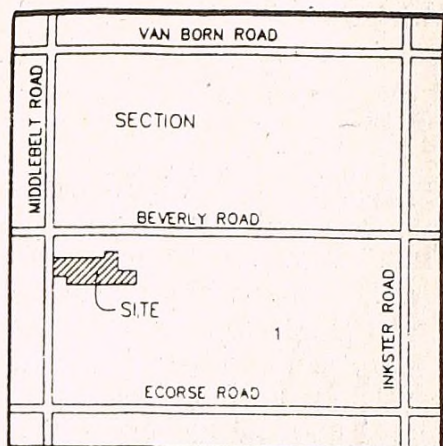

She went north on Hix, then west on Warren. He followed. So she caller her mother on her cell phone for help.

She tried to lose him by turning north on Haggerty and passing other cars. He still followed until she finally lost him at Sheldon, near the Ford plant.

By this time, she was so scared that she didn't go to work. Instead, she went home, got her mother.

I'm on vacation this week but didn't want to leave this space empty so I surfed the internet for the following interesting, and slightly off-kilter news tidbits.

---Ready for 2000 technology? Japan boasts a laundry machine for humans. That's right, customers who use it feel like a dishwasher. While lying in a shiny 7-foot capsule that covers everything but their face, 13 nozzles blast them with warm water and shampoo. After a rinse cycle, infra red lights and steam heat their skin. This is followed by spritzing with peach aroma, more rinsing, and finally drying with warm air. Honest folks, this is the real deal.

---Here's an attention grabbing headline from Weekly World News---"Florida Man's Shocking Claim: I Was Sexually Molested by a Female Bigfoot."

---The same newspaper reports "How to Tell if Your Weird Neighbor is a Space Alien!" The telltale signs include:

*If your neighbor extensively uses cliches like "how's it going, buddy?"-it might be because of an alien brain implant that only lets him speak from a limited script.

*If your neighbors' kids are unusually disrespectful and rude, it could be because their parents have told them they do not have to obey human adults, who soon will become slaves in the new world order.

By the way, my vacation destination was not outer space and I promise my expose' next week will deal with common, ordinary people in good ole Western Wayne. Until then, have a good one.

Reform Party can inspire candidates

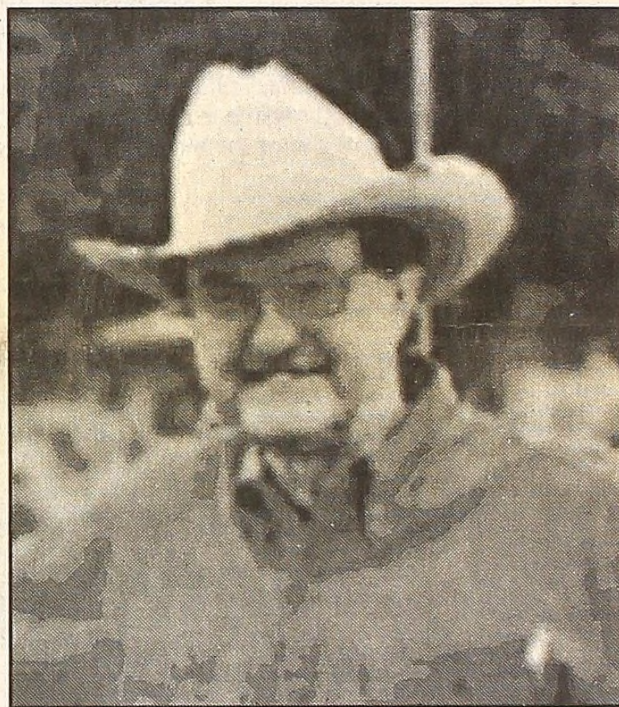

By JIM HIGHTOWER
Guest Editorial

The guiding ethic of our medical system goes back nearly 2,500 years to the Hippocratic Oath, which established a standard of behavior and integrity for doctors, including the admonition that, first, they should "do no harm."

But while doctors still swear to this oath, the executives and bean counters of HMOs do not -- and they are doing a great deal of harm. It never occurred to Hippocrates that bureaucratic behemoths called HMOs would one day exist, and that they would position themselves between doctors and patients, literally making decisions on what kind of treatment the doctor can give. And Hippocrates would be horrified to learn that these managed-care corporations make their decisions based not so much on the health of the patients as on the health of their bottom lines.

In today's system of corporatized medicine, patients are referred to as "cost units," and the job of the doctor is that of an assembly-line worker who must hold down costs by rushing these "units" through the system, providing only as much care as the corporate manual prescribes. One doctor told The New York Times that his HMO expects him to see eight patients an hour -- this means he has only seven minutes with each patient before shouting, "Next!"

Another physician, Dr. Thomas Self in San Diego, is proud of his reputation of being a thorough and careful children's doctor. When HMOs took over, however, Dr. Self's thoroughness got him fired -- they

Jim Hightower

said he spent too much time per child and did too many tests to find out what ailed them. But, according to Dr. Self, the top HMO executives did make exceptions to their usual rush -- rush procedure -- when they sent their children to see him.

Then they wanted him to focus on the child, not on the profit picture. "In two instances," he said, I was told to do whatever was necessary, with no thought given to cost, by the executive whose children were being treated."

Instead of the Hippocratic Oath, these executives seem to have taken the Hypocrite's Oath.

Radio talk-show host and author, Jim Hightower, is the former agricultural commissioner of Texas. He was actually elected. Hightower's guest editor replaces the vacationing Ivan Helfman's column this week.

WEEKLY SYNDICATED COLUMN by PERCY ROSS

Millionaire Percy Ross is known for his philanthropic work. He offers help and encouragement for those in need. He has earned a fortune and a wealth of knowledge during his lifetime and wants to share both. His motto: "He who gives while he lives... also knows where it goes."

Even A Life Gone To Seed Can Harvest Fruit

Dear Mr. Ross: How does one begin to unfold the horrifying facts of a life gone to seed? My brother will be released from prison in 3 months, having served his 12 year sentence. Upon release, he has no where to go, except back to a life of drugs and the awful people who sell that junk.

I'm an elementary school teacher and single. My life is simple. I enjoy gardening, reading and spending time with my 2 cats. Against my mother's wishes, I've extended an offer for my brother to live with me until he gets a job and can afford a place of his own. My landlady isn't too crazy about the idea, but I told her my brother would be responsible for keeping up the yard and light maintenance around the house (this is a double bungalow).

My salary is small and I hate the idea of charging clothing for my brother on my credit card. I'll allow him to use my car while I'm at school so he can look for a job. Would you think poorly of me if I asked you for \$400? I'm a proud person, but even proud people need a hand sometimes.

Miss H. K. ... *Tribune Chronicle*, Warren, OH

Dear Miss K.: You are taking a considerable risk. I'm not saying you shouldn't do it, just that I hope you do so with your eyes wide open.

The \$400 I'm sending will purchase suitable clothing for your brother. And I truly hope his adjustment to society goes well for his sake, as well as your own.

Dear Readers: By now all the graduations have taken place and most of the parties held. I think this year more than any, I received a rash of requests for class rings, year books, pictures, proms, parties, anything associated with graduating.

Congressional "Shell Game" poses danger to VA Health Care System

To the Editor:

Amidst the great debate on what to do with a trillion dollar budget surplus, the House Appropriations Subcommittee's decision to provide another \$825 million for the VA budget amounts to nothing more than the con artists old "shell game".

From the beginning of the budget process The American Legion testified the VA needed \$1.9 billion additional funding just to keep its head above water. So, how did the House deal with the obvious need for additional funding? Pay close attention and see if you can follow the peal! First, VA medical care funding was reduced by \$2 billion.

Then the Subcommittee restored \$3 billion in 'emergency' spending. That's an easy pea to follow if your pay attention.

We all balance our own checkbooks and it doesn't take a genius to clearly see that unless Congress adds an additional \$1.1 billion to maintain the VA's current services, VA leaders will be forced to implement personnel cuts, terminate services and programs and ration health care. The veteran's health care system is a national resource. Millions of veterans depend upon the system. Nearly 50 percent of the nation's doctor's receive some of their training through medical school affiliations with VA Medical Centers. In time of national disasters, the VA medical system is a back up for civilian hospitals. And, VA Medical Centers lead the way in medical research for prosthetics and geriatric innovations. Americans must not remain silent while Congress fiddles and the VA health care system burns.

Congress and the Department of Veterans Affairs must quickly implement the GI Bill of Health. This proposal would open up VA health care facilities to military retirees, their families and veterans over age 65 receiving Medicare. Use of patient TriCare, Champus, Medicare and personal insurance would ensure a healthy fiscal operation of the VA system. For our nation's military retirees and elderly veterans, the future of their health care delivery system is questionable. Where will they turn for the quality health care they now receive? For many of them, VA is their life-support system.

Over a trillion dollars generated from the peace dividend played a large part in producing this budget. During the last decade, over 35 percent of DOD's military medical facilities have been closed and tens of thousands former active-duty service members are now veterans. The GI Bill of Health can restore the promise so sadly broken.

It is time for Congress to add another \$1.1 billion to sustain

the current level of VA health care. It is time for the U.S. Senate to add the needed funding to the VA budget. Failing that, a House-Senate Conference Committee will be American's veterans last hope to obtain needed funding for the VA budget.

The old "shell game" is fun at the county fair-it has no place in budget posturing by our elected representatives. If an inadequate VA budget is left to stand, the actions that will have to be taken will leave many veterans with nowhere else to go - except home to die.

That is not an option.

Sincerely,
Butch Miller

Reprint letter that helped win Eisiminger a school board seat

To the Editor:

I Richard Eisiminger would like your consideration for the appointment of School Board Trustee.

I personally came through the Wayne-Westland school system by attending Schweitzer Elementary School, Stevenson Middle School and graduating in 1978 from John

Glenn High where I lettered in wrestling and was league champion in my junior and senior year. I have a great appreciation for many of our districts programs including our VOC/Tech training, as I was part of that program building the house in Whitney Knoll in 1978. Upon graduating that year I was immediately hired as a carpenter.

I have lived in Westland all my 39 years being married 19 years to my wife Keri (my high school sweetheart), also a John Glenn graduate. We have three great children, Richard II who will become a junior at Wayne Memorial High, Chelsie a 5th grader and Kyle a 4th grader both attending Schweitzer Elementary School.

I worked as a team member on the citizens bond committee and would like to continue the teamwork as a school board trustee. Other community involvement has included L.F.D.A. (Local Development Finance Authority) for the City of Westland, Board of Review - City of Westland, sponsor and assistant coach W.Y.A.A. (Westland Youth Athletic Association). I also am a youth group leader and Sunday school teacher at the first Baptist Church of Wayne.

I came from a family who has been involved in every facet of education including

teaching, administration and even a Wayne Westland School Board member.

I look forward to possibly serving as a Wayne Westland School Board trustee.

Sincerely,
Richard Eisiminger

Host families needed for foreign students

To the Editor:

In the past we at the SHARE! High School Exchange Program have asked for, and received your help in finding homes for students who wish to spend six months to a year with an American family, attending an American high school. Once again we are seeking your help in spreading the word of our need for volunteer host families in the Michigan Region. We need families to host our students who will be arriving in August for the 1999-2000 school year!!! The students between the ages of 15 and 18 attend local high schools for a semester or a school year while living with families in the Michigan Region. They are screened for English and academic abilities and are covered by medical insurance. Students are responsible for their personal expenses.

Thank you for any information that you can give to the public on behalf of our students and our program. For further information please call me at 800-835-8760 or our National Office located in Ma-

rina Del Rey, CA at 800-321-3738.

Sincerely,
Delores Bowers

Her grandparents include: Annie Harris and Cynthia Ellis.

Peter Paul Nieckarz III of Westland earned a Ph.D. degree in sociology from Western Michigan University.

The title of his dissertation was "All Things Considered: A Comparative Case Study Examining the Commercial Presence Within Public Radio."

Bill Johnson, executive director of the American Family Association of Michigan, has revealed the chapter has left the AFA and now is known as the American Decency Association.

Johnson said that while the group's name has changed - it will remain an ally of the AFA and its national president Donald Wildmon.

Johnson said the newly created ADA will continue its intense battle to end Howard Stern's reign on both radio and television.

Johnson and his staff have worked hard to convince national sponsors of the Stern show to remove their financial support from the program.

The ADA will narrow its pursuit even more to reverse the rate of our declining morality, Johnson said, and to provide a national warning that we need to guard our hearts, eyes and minds from being impacted by pornography.

Romulus youth collect 9 first place awards

By AL POST

A London based dance company *The Jivin' Lindy Hoppers* - founded in 1984 - also will perform in the second half of the show and will show how they have revived interest in the "Lindy Hop" on the British Isles.

Lockhart and the Boston Pops have also just released a new CD entitled *A Splash of Pops*, featuring several patriotic numbers such as *The Star-Spangled Banner*, *America the Beautiful* and *the Stars and Stripes Forever*.

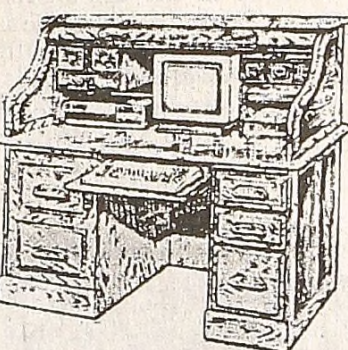

This marks Lockhart's fifth year as conductor of the Boston Pops and will include 36 concerts, four new TV programs.

In addition other top numbers on the new CD include: *Overture to State Fair*, the *Boogie Woogie Bugle Boy* and the *1812 Overture*.

Tickets for the local performance are \$37.50, \$50 and \$75 and are available by calling 248-433-1515.

Golfers swing for City championships

Defending champ Mark Morton eyes 'tripeat'

By TOM MOORADIAN
MCN Staff Writer

Mark Morton is a marked man.

He knows it as the computer analyst prepares to defend his City Championship Golf Tournament title.

Morton is going for a rare "tripeat", but standing in his way are at least five veteran golfers including Brian Smithmirmier of Westland, Bill Hawley of Wayne and Rick Stoner who are ready to upset the champs' plans.

Also eager to give Morton a challenge are Jamisen Beevers and Robert Selberg, both

with outstanding credentials.

The two-day, 36-hole tournament will be played Saturday and Sunday at the Woodlands of Van Buren Golf Course, located on Ecorse Road and the I-275 Expressway.

"We don't have as many golfers this year as we have in the past," said Jeff Rutter, Wayne Parks and Recreation Director who serves as tournament director. "I really have no explanation for this, but it could be that the extreme heat or may be the golfers are just not willing to commit to a two-day tournament."

"As it is, we have around 50 golfers who are ready to play

this year."

Rutter added that he is willing to sign up golfers even after the published deadline if they can contact him.

The tournament director may be reached at the Wayne Parks and Recreation Department at 721-7400.

There is a \$70 registration fee which covers green's fees for the two days and the price of trophies.

The tournament is open to all amateur golfers - men and women - residing in Wayne, Westland, Canton, Romulus, Inkster, Garden City and Van Buren Township.

Each city must have at least

six golfers to complete a division. If that criterion is not met, the competitors will be assigned the Open Division.

Golfers will be competing for city titles as well as medalist (low score) honors for the entire tournament. Wayne golfers will also be competing for the Patrolman Leonard Anderson Memorial Traveling Trophy, offered by the Wayne Police Department to the medalist of the Wayne Championship Flight.

The first three finishers in each of the divisions will receive trophies. In case of a tie

Bronco champ is near perfect

By TOM MOORADIAN
MCN Staff Writer

Teaching the fundamentals of the game and stressing "teamwork" have apparently paid off for Manager Jeremy Bobby and the Pirates who captured the 1999 Wayne Baseball Association's Bronco Division championship.

Bobby, assisted by Eric Buchanan, Jason Bobby and Aaron Bates, guided the team to a near-perfect 13-1 record.

The team was made up of players, ages 11-12, from the cities of Wayne and Westland.

"Our staff dedicated many hours of their time sharing their knowledge and love of the game to these players," Bobby said. "Their focus was teaching these young men the funda-

With a near-perfect 13-1 record, the Pirates captured the 1999 version of the Wayne Baseball Association's Bronco Division championship. Members of the championship team include Adam Beyer (from left, front row), Mike Hajduk, Justin Koshorek, and Charles Cook; second row are TeJay O'Connell, Tony Colosimo, Dinnes McGill, Clint Cottenham, Andrew Kaleto and Matt Barnier; third row are team members Danny Cover, Drew Lakatos, Ross Maciasz and Alex Lickliter; fourth row are assistant coaches Eric Buchanan, Jason Bobby, Aaron Bates and team manager Jeremy Bobby.

mental offensive and defensive plays.

"And, also one of the key elements of our coaching strategy is how to keep players focused on what

they are doing."

The Pirates' lineup included Danny Cover, Drew Lakatos, Ross Maciasz, Alex Lickliter, Matt Barnier, Andrew Kaleto, Clint Cottenham, Dinnes McGill,

Tony Colosimo and TeJay O'Connell.

Also on the 1999 WBA Bronco championship team are Charles Cook, Justin Koshorek, Mike Hajduk and Adam Beyer.

Twisters make it 2 straight with win over Cougars

By TOM MOORADIAN
MCN Staff Writer

With temperatures over the 90-degree point, the Twisters managed to sweat out a 14-6 victory on Saturday over a determined Motor City Cougars for their second straight win in as many starts in the Northern Division of the Lakeshore Football League.

"It was a tough game, made tougher by the heat, and they (Motor City) made a late bid to overcome the deficit, but our kids hung tough and managed to salvage this victory," said Glenn Brothers, Twisters' CEO. "This victory puts us atop of our division where we would like to stay to the end."

Scoreless against the Cougars until the second quarter, the Twisters finally got on the scoreboard after the initial half when former Romulus star, Reggie Brandon, broke loose on a 13-yard touchdown run that capped a midfield drive.

Charles Petitpas added the point-after, and the Twisters were up 7-0.

The Twisters got an insurance TD three plays into the fourth quarter as quarterback Rob Elswick vaulted over the goal line from two-yards out for the score.

Petitpas again split the up-rights making it a 14-0 ball game.

The Cougars came back late in the final quarter to add to the suspense. They managed to execute a 67-yard pass play that broke the ice and put them back in the game.

Then, in the final five minutes, after an exchange of downs, the Cougars again launched an assault that left them one-yard shy of their second TD.

"Our defense stood up to the challenge," Brothers noted. "If

It was a tough game, made tougher by the heat.

- Glenn Brothers

they had gone in, it would have put a long of pressure on us."

The Twisters will be on the road again this week as they travel to McComb, Ohio to confront the Black Swamp Patriots on Aug. 7 under the lights at McComb High School.

Kick off is scheduled for 7:30 p.m.

The Twisters will return to home on Aug. 14 to square off against an always dangerous Zanesville, Ohio. The 3:30 p.m. duel is scheduled to be played at the Academy of Detroit facility (the old Cherry Hill High School).

"This definitely will be a key game for us," Brothers noted.

In their season's opener, the Twisters corralled the Fremont (Ohio) Stallions, 10-0.

The Twisters' defense looked in mid-season form as it held the Stallions to a minus-37 yards rushing in a game that was played again under horrendous weather conditions.

"It was very hot and humid," Brothers said. "I don't think we have ever played a game under such conditions."

Early in the first quarter, Twisters' Lamar Spalding rambled around end for a 16-yard touchdown for the Twisters' first TD of the 1999 campaign.

Petitpas connected to lift the visitors to a 7-0 lead.

After an exchange of punts, the Twisters again put together

Preps poised to launch '99 season

Local and state high school athletes are poised to launch an unprecedented 1999 football season.

With a redesigned football playoff format that will include all teams that have a 6-3 or better record ahead of them, coaches will begin practice on Aug. 9, usually with a two-practice-a-day schedule.

The early start breaks from tradition, in the past, football openers usually occurred after the Labor Day holiday.

The month of August will be a busy one for all high school athletes who plan to compete in basketball, football, soccer

and cross country.

The first football games are scheduled for Aug. 26-27-28. The regular season begins a week earlier for those schools wishing to play a 9-game schedule because of the additional week added to the Michigan High School Athletic Association Football Playoffs.

However, the change in the schedule means that practice begins only two days earlier than it would have without the playoff expansion.

All football schools must conduct three required conditioning days of practice before beginning contact.

Conditioning sessions may not include any pads.

The remaining fall sports begin their practice on August 16, and all but three sports may start competition on that day. The first game date for boys soccer is August 27, girls swimming and diving may open activity on Aug. 28, and girls basketball begins on Aug. 30.

Playing rules changes by the National Federation of State High School Associations are few for the upcoming season.

In football, the team box may now extend to the 25-yard

line on each end of the field; and provides that players no longer will be downfield illegally if, for example, on a screen pass the ball goes beyond the line of scrimmage because it is deflected by the defensive team.

The rule regarding eye shields was edited to read that such shields must be clear.

In basketball, the most notable rules changes are visual - the numbers 1 and 2 have been added to the list of illegal numbers used on jerseys; and the restriction regarding the use

World Series

105 softball teams seek world titles

More than 100 top-notch women's softball teams will invade Canton Township this week to battle for the United States Softball Association's Girls' Fastpitch national and world championships.

The five-day action-packed tournament at the Canton Softball Center will conclude on Aug. 8 with the survivors playing for the coveted U.S. crowns.

There are 40 teams comprised of 19 year olds and 65 teams, ages 16 and under, poised to compete for world titles. Canada will also be represented in this tournament.

Also, approximately 16 states have sent teams, with 190 games scheduled to be played over the five-day period.

ravallah said that the tournament is one of the biggest of its kind and notes fans will be seeing some of the best teams in action on the local diamonds.

Today's (Aug. 5) games continue on all diamonds, starting at 8 a.m. There will be a World Series Team Party at 6 p.m.

WYAA league champs

The formidable Yankees, under the direction of coaches Scott Nieman, Todd DeLuca, and Scott Baker, finished with an 8-1-1 regular season record to capture the 1999 Westland Youth Athletic Association's Coach-Pitch League Championship. They were runners-up at the tournament. Team members include Alec Nieman (front row, from left), Andrew DeLuca, Dirk Willette, and Nicholas Driskell; second row are Amanda Salisbury, Mike Penhollow, Justin Baker, Aaron Sabal and Steven Smith; third row are coach Todd DeLuca, manager Scott Nieman, and coach Scott Baker. Not available at the time of the photo are team members Brent Patterson, Matt Benyo, and Thomas Quattlander.

The Dolphins Swim Club, sponsored by the Wayne Parks and Recreation Department and coached by Jim McPartlin, made a big splash at the Downriver Swimming Championships. The Dolphins garnered five gold medals, two of them in the relays and a pair of firsts going to versatile swimmer Garrett Stone, who turned up at the wall a winner in the 50-yard butterfly and the 50-yard backstroke.

Dolphins fare well in downriver swim

The Dolphins received gold-medal winning performances from two of their relay teams and also placed first in three individual events at the Downriver Swimming Championships staged last week.

The Wayne Recreation Dolphins, coached by veteran Jim McPartlin, finished fourth team-wise in a field of nine competing teams.

The team championship went to Trenton, which garnered 1395 points; Wyandotte was second (1273), followed by Park Colony (807), Wayne Dolphins (735), Southgate (443), Riverview (420), Woodhaven (325), Taylor (217) and Lincoln Park (103).

McPartlin's 200-medley relay team, in the 13-14 age group, cashed in on the performances of Dennis Hermatz, Jeremy Bowling, Garrett Stone and Jeff Ballard to capture the gold medal.

Also, the Dolphins 9-10 year old 200-medley relay team made up of Logan Bonathan, Andrew Hermatz, Jakob Boertje and Jonathan Smoes touched in first.

Wayne came up with a bronze in the 100-yard freestyle relay in the Boys 8 and under category as Colin Bonathan, Jake Glover, Chase Glover and Josh Williams made up the third-place finishing foursome.

Smoes was the best 50-yard freestyler in the 9-10 age group. After winning a gold, Jonathan came back and captured a sixth-place ribbon in the 50-yard breaststroke.

Garrett Stone earned the honor of being the only double gold medalist in the individual events. He finished first in both the 50-yard freestyle and the 50-yard backstroke.

The Dolphins had four runners-up: Ashley Hoener received a silver for her efforts in the 25-yard backstroke. She was sixth in the 25-yard freestyle. Teammate Cokin Bonathan also finished second in the 25-yard backstroke and was third in the 25-yard freestyle, while Logan Bonathan was a silver medalist in the 50-yard freestyle and sixth in the 50-butterfly.

Also, Jeff Ballard finished second in the 50 freestyle and fifth in the 50-yard breaststroke.

Bronze medalists from Wayne included: Jake Glover, in the 25-yard freestyle, and he also placed fourth in the 25-yard backstroke; Williams, in the 25 backstroke and he was fifth in the 25-yard freestyle; and Chase Glover earned a bronze in the 25-yard backstroke and touched in fifth in the 25-yard freestyle.

Andy Hermatz's performance in the 50-yard freestyle gave him a third. He was also fifth in the 50-freestyle.

Fourth-place ribbons went to Holland Boertje, in the 25-yard backstroke. She also finished sixth in the 25-freestyle. In the 100-yard freestyle, Jeff Anderson had the fourth-best time and Kris Farago also placed fourth in the 50-yard freestyle.

Fifth place ribbons were awarded to: Dennis Hermatz, in the 50-yard freestyle; Bree LaFortune, in the 50-yard freestyle and also a third place in the 50-yard backstroke; Ian Maguire, who finished fifth in the 100-yard freestyle. Josh Raub also picked up a pair of fifth-place ribbons for his performances in the 200-yard individual medley and the 100-yard breaststroke.

The medalist of the entire tournament also will receive a special trophy.

The top five players in each of the championship flight will qualify to compete in the state

Recreation Golf Tournament which will be staged in September at Binder Park Golf Course in Battle Creek.

However, in recent years, cities have had problems financing the trip to Battle

Creek and golfers may have to pay their own expenses to compete.

Golfers who have registered for the 1999 tournament will find their names and tee times in an accompanying story on this page. (If a name has been inadvertently omitted, please contact Jeff Rutter, at the Wayne Parks and Recreation Department, at 721-7400.

Rosie the Riveter

Scores of area citizens and business leaders turned out last week at a ceremony to honor many former "Rosie the Riveter" types, who aided the U.S. during the World War II labor crisis. The ceremony at the Willow Run Airport in Belleville also unveiled a U.S. postage stamp to honor such American women. From left at the ceremony were: Michael Taurence, manager of Post Office Operations; Dave Rich, representing U.S. Sen. Carl Levin; Joe Petz, regional director for U.S. Sen. Spence Abraham; William Hanney, president of Yankee Air Museum; Clara Canning, a former "Rosie the Riveter" and John Talick, Detroit district manager of Customer Service and Sales for the Detroit District Postal Service. Safety Day on cable

The Senior Safety Day conducted last Friday morning in Romulus City Hall is being telecast over local cable for those who missed the session.

The nearly three hour program was sponsored by the Romulus Emergency Management team and the Romulus Senior Center.

It featured safety tips from the Department of Public Works, Ameritech phone company, Mich Con and Detroit Edison.

Kim Taylor, senior investigator for Comerica, discussed financial issues and Leo Welch, an outreach specialist with the Senior Alliance, also spoke out.

In addition Margaret Leduc, local emergency management coordinator, Fire Inspector Karen Nightingale and Community Police Officer Joe Richardson took part.

The safety session was set up to educate senior citizens and other local residents what

to do when various utility system services break down during a weather emergency or other crisis.

Father stories being sought

By AL POST
MCN Staff Writer

Do you have a heart-warming story about fatherhood?

The authors of *Chicken Soup for the Soul* are now seeking stories for a newly planned book *Chicken Soup for the Fathers' Soul*.

To date various books in the *Chicken Soup* series have sold over 45 million copies and have appeared on the *New York Times* and the *USA Today*

best seller lists.

Chicken Soup stories are inspirational, sometimes emotional and often humorous.

They are true stories that open the heart and rekindle the spirit. It can rekindle the deep bonds between fathers and their children, when you and your dad laughed until your sides hurt or a funny memory of a vacation time or other event.

Some of the chapters already planned include: On Fa-

therhood, Sports Stories and Other Adventures, A Father's Wisdom, Dad at Work, Special Moments, A Father's Courage, A Grandfather's Love and Thank You, Dad.

If interested in submitting such a piece, send stories to Chicken Soup for the Father's Soul, 31 04 E. Camelback Road, #531, Phoenix, AZ 85016.

The editors urge you to keep copies of your stories, since submitted articles can not be returned.

The average maximum word count is 750-1,200 words.

For each story a 50-word biography about the author will be included. A permission fee of \$300 will be paid for one-time rights. The deadline for receipt of stories is Aug. 27, 1999.

The Pontiac Wide Track Grand Prix

Pontiac Grand Prix has lots of muscle for 1999

By KAREN BEROFF
MCN Automotive Writer

The Pontiac Wide Track Grand Prix is already one of the most powerful cars in its segment and has a lot more muscle in the 1999 model year.

New low restriction air induction components raise the output in the 3.8 liter V6 engine from 195 to 200 horsepower. Believe me when I tell you that this one has no problem with get up and go! If you are at a traffic light or merging on a highway, acceleration is at a premium.

Some of the new cockpit interior features for 1999 are front door courtesy lamps, new Bose stereo system with eight speakers and a compact disc player, and the OnStar mobile communication system. While riding in the Grand Prix, you just won't believe all the com-

fort. Sitting in these seats was like sitting on the couch in my living room. The seat surrounds you with luxury, and the stereo system is out of this world. Not to mention very little road noise.

The exterior of this one is no slouch either, good looks, sleek lines, and a personality all of its own. This one is fun vehicle to drive. It turns heads and drives, and corners like a race car. The Grand Prix's Wide Track configuration is pure performance oriented. It's authentic Wide Track stance helps this Pontiac corner at speeds formerly attainable by only two seaters and out-and-out race cars.

Just about anything you would want to be standard is in this one. The only deterrents are that there are about to many gadgets on the wiper control arm, and the gas mileage is not all that great. How-

ever, you have to keep in mind that is a high performance vehicle.

For the third straight year the Pontiac Grand Prix has been named a Consumers Digest Best Buy in the 1999 sport coupe/sedan category. It noted that this car lets "function take as high a priority as appearance".

This mid-size front wheel drive, V6 sedan offers so much in the way of comfort and convenience. All for a very modest price. The base is \$19,490, and as tested \$22,345. They claim the gas mileage is 19 city and 30 miles per gallon on the highway. However, I found it to be less.

Regardless, if you are in search of a vehicle to transport your family, or a sporty quick and nimble vehicle to race around town in, this is for you. It provides good looks, and the performance to match!

Belafonte led rally for prostate cancer survivors

By IVAN HELFMAN
MCN Staff Writer

Recently, more than 1,000 survivors of prostate cancer from across the United States convened at the University of Michigan for the 2nd International Prostate Cancer Symposium for the Patient. They were joined by some of the country's leading health professionals and singer/entertainer and fellow prostate cancer patient, Harry Belafonte. The patient symposium, entitled "Conventional and Alternative Options for Today and Tomorrow," is specifically designed to enable men with prostate cancer, and their families, to better cope with their illness through greater understanding of both the disease and the treatment options that are available to them. The symposium is organized by the Comprehensive Cancer Center at the University of Michigan, and is sponsored by AstraZeneca.

"To so many people, even the mention of the word 'cancer' strikes fear into their hearts," said Harry Belafonte, guest speaker at the symposium and a leading crusader in the fight against prostate cancer. "I can still vividly remember the day when I was diagnosed with prostate cancer. I thought it was going to devastate my life, but this need not be the case. As we are hearing this weekend, there are many effective treatment options available to help us fight prostate cancer and go on with our lives."

"This symposium is just what these patients need, as evidenced by the number gathered here today," said Manny Hamelburg, Boston, a prostate cancer survivor attending the symposium. "We need a setting like this, where we can hear about the latest treatment op-

tions available, as well as stories of encouragement and hope from one another."

Scheduled topics that were covered during the two days include primary therapy, recurrence of prostate cancer, advancing disease, complementary approaches, sexuality and sexual issues, side effects, and newer therapies and treatments. Harry Belafonte also addressed the attendees with a key not speech and shared his own personal story and his experience of surviving prostate cancer. In addition, the National Prostate

Cancer Coalition will run a session on how to become a patient advocate and get politically involved. The purpose of the symposium is that attendees will leave better informed about the disease and its treatment options, and with a greater understanding for the array of support that is available and ways in which they can become an advocate for other patients and their families.

"This is a unique experience for prostate cancer patients and their families," said Mark Moyad, M.P.H., Health Science Research Associate, Urology Surgery Section, University of Michigan. "Knowledge is so important. Patients need to know their options. Newer treatments can effectively control the disease and provide better quality of life for survivors than was previously attainable. Patients need to be able to make an informed choice about their treatment from a variety of sources, which can include their doctor, books, and the World Wide Web. This meeting is unique in that it provides the opportunity to ease their personal burden by talking to each other and sharing their experiences with others. I applaud the University and As-

traZeneca for this initiative."

A good source of information on prostate cancer for both patients and health care professionals can be found at www.PROSTATEinfo.com. The Web site includes a wide range of information, such as details about the disease and its treatment options, caring and support for a patient, educational material, and numerous links to the Web sites of professional associations and patient organizations. There also is a section designed specifically for the physician containing professional education materials. The Web site is sponsored by AstraZeneca.

The University of Michigan Comprehensive Cancer Center was established in 1986 and shortly thereafter was designated a "comprehensive" center by the National Cancer Institute. Only a small number of centers in the country hold this title by achieving the highest standards in patient care, engaging in significant prevention and research activities, and developing strong community outreach programs. The U-M Cancer Center has more than 200 cancer clinicians and researchers. These specialists work together in multidisciplinary teams to rapidly bring new prevention, detection and treatment discoveries to more than 25 cancer care clinics. The process is called "translational research" and it is the cornerstone of all cancer care at the University of Michigan.

Prostate cancer affects one in eight American men. Every three minutes a man is diagnosed with the disease, making it the most commonly detected malignancy in men today. According to the American Cancer Society, an estimated 179,300 new cases of prostate cancer will be diagnosed in the United States.

MEDICARE/MEDICAID NOTICE TO THE PUBLIC

Notice is hereby given that the agreement between the Secretary of Health and Human Services and Belle Woods Continuing Care Center in Belleville, Michigan as a provider of services in the Medicare program will remain in effort. In addition, as authorized by the Michigan Department of Community Health - Medical Services Administration, notice is hereby given that the facility's agreement as a nursing facility in the Medicaid program also remains in effect. This notice supersedes the prior notice of July 1, 1999.

Based on the findings from a revisit survey, the Health Care Financing Administration has determined that Belle Woods Continuing Care Center is qualified to participate in the Medicare program. Therefore, the Medicare program will continue to make payments for skilled nursing services furnished to eligible residents admitted prior to February 22, 1999 and after July 14, 1999. These dates are due to a previously imposed denial of payment for new admissions which was discontinued on July 15, 1999.
